

# Travis Briscoe

## *PBR Bull Rider*

This exciting young gun from New Mexico has always had the talent to succeed. Things started really coming together in 2008, when he occupied the #1 position in the World for several months after winning an amazing three BFTS events in a row. The flashy rider has always had a knack for producing some of the PBR's top (and most memorable) scores. Once he finds some more consistency in his arsenal, there may be nobody who can stand in his way of a World Title.
